Janet and all,

Many thanks for the chance to review the Q&A for the European Parliament EMIS hearing which, in general, look great. The answers to the Committee's often-complex questions are very thorough and clear so congratulations on that feat.

I did make some minor editorial suggestions in the attachment that I think will provide clarity for non-EPA readers so I hope those are helpful.

Also FYI, here is a link to the EMIS webpage which currently announces EPA's September 26<sup>th</sup> appearance and provides Chris's bio. Ultimately, this will be where the EPA testimony, written Q&A and video of the hearing will reside:

<http://www.europarl.europa.eu/committees/en/emis/events.html?id=20160926CHE00301>

Please let me know if you need anything else from me on this. FYI, Jim has shared a draft of Chris's testimony with me but I didn't know whether you wanted me to review that, as well. If so, please let me know and I would be happy to do that.

Otherwise, I will look forward to receiving the final approved Q&A and testimony that I will share with the EMIS Committee on Monday, 9/19 as OTAQ requested.

All the best,  
Anna

Thanks Byron. Here's a clean version that includes your edits and a few more small tweaks from me. I sent Anna a previous draft but am also copying her here so she has the latest version to review.
